THE ACADEMIC COSTUME CODE

The custom of wearing academic dress stems from the Middle Ages when scholars were also clerics and wore the costumes of their monastic orders. Significant parts of academic dress are the gown, the hood, and the cap. Each has a particular significance and is worn in accordance with standards established by the Academic Costume Code of the American Council on Education.

PRESIDENTIAL REGALIA

The president has always been the focal point of a college or university commencement. For this reason, it is acceptable that they wear a distinctive gown unique to the institution over which they preside. The unique feature of a presidential gown is the addition of the fourth chevron to each sleeve. This honor is granted only to one who holds the rank of president or chancellor of an academic institution.

GOWNS

The gown for the master's degree has an oblong sleeve, open at the wrist. The sleeve base hangs down in the traditional manner. The rear part of its oblong shape is square-cut, and the front part has an arc cut away. The gown is supplied with fasteners so that it may be worn open or closed.

HOODS

Sarah Lawrence College uses hoods for the master's degree, which are three and a half feet in length. Hoods are lined with the official colors of the College, green and white. The colors of the trimmings of the hoods are associated with different subject matters, as follows, conferred at Sarah Lawrence College:

ARTS, LETTERS, HUMANITIES

White

Child Development, Health Advocacy, Women's History

EDUCATION

Light Blue

Art of Teaching

FINE ARTS, INCLUDING ARCHITECTURE

Brown

Dance, Theatre, Writing

SCIENCE

Golden Yellow

Dance/Movement Therapy, Human Genetics
